Subject: Can you read this?

Daer Clara,

So how are things on embassy row? I am hoping this trip will provide word of support from soon. No more leaked claims! It was set in everywhere in street to discuss your form me after our affair became public. Apparently, there is another scandal brewing in the streets. When will it ever end? My campaign manager's donation to Kumar Foodnet has been traced to a foreign agent. The foreign agent made a contribution to a lobbyist firm named Mooney Londerer, LLC, the same firm my campaign manager worked for prior to joining my team. Papers I could use your contacts on embassy row to find the street location this agent named Boris Pushtin met him. Let's keep this between us. Thank you.

“Place for you in my heart”

Awayny, now that you are getting good at reading this, how about,

Or

“Spaced before by your threats”

Miss you!
